HOW TO CITE RULES AND RSMO

RULES

The rules are codified in the *Code of State Regulations* in this system–

Title	CSR	Division	Chapter	Rule
3	<i>Code of</i>	10-	4	.115
Department	<i>State</i>	Agency	General area	Specific area
	<i>Regulations</i>	division	regulated	regulated

and should be cited in this manner: 3 CSR 10-4.115.

Each department of state government is assigned a title. Each agency or division in the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraphs 1., subparagraphs A., parts (I), subparts (a), items I. and subitems a.

The rule is properly cited by using the full citation; for example, 3 CSR 10-4.115, NOT Rule 10-4.115.

Citations of RSMo are to the *Missouri Revised Statutes* as of the date indicated.

Code and Register on the Internet

The *Code of State Regulations* and *Missouri Register* are available on the Internet.

The *Code* address is sos.mo.gov/adrules/csr/csr

The *Register* address is sos.mo.gov/adrules/moreg/moreg

These websites contain rulemakings and regulations as they appear in the *Code* and *Registers*.

Rules appearing under this heading are filed under the authority granted by section 536.025, RSMo. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety, or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the *Missouri* and the *United States Constitutions*; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons, and findings which support its conclusion that there is an immediate danger to the public health, safety, or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

Rules filed as emergency rules may be effective not less than ten (10) business days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the *Missouri Register* as soon as practicable.

All emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

Title 5—DEPARTMENT OF ELEMENTARY AND SECONDARY EDUCATION

Division 30—Division of Financial and Administrative Services Chapter 660—School Finance

EMERGENCY AMENDMENT

5 CSR 30-660.090 Charter School Local Education Agency (LEA) Attendance Hour Reporting. The State Board of Education (board) is amending the purpose and sections (2) and (3).

PURPOSE: *This emergency amendment extends the timeframe for attendance data modifications for payment purposes due to the ongoing impact of COVID-19 on school attendance.*

PURPOSE: *This [proposed] rule establishes policies and standards for charter school local education agencies (LEAs) for providing foundation formula and other attendance based payments in accordance with Chapter 160, RSMo, to meet the [health and safety] needs of students and faculty [if social distancing is necessary] due to the disproportionate impacts of COVID-19 on attendance during the 2020-2021 and 2021-2022 school years.*

EMERGENCY STATEMENT: *This emergency amendment is necessary to allow charter schools, for a limited period of time, to make calculation adjustments in their receipt of funds from the Missouri Department of Elementary and Secondary Education (department).*

*The purpose of these adjustments is to ensure charter schools have a flexible payment provision with respect to certain funding streams that mirrors that of district schools, as described in section 163.021.1(4), RSMo, when a pandemic exists. As with district schools, charter schools have been impacted by declining attendance during the pendency of the pandemic, which impacts the amount of funding received under their traditional payment formula. There is an immediate need to provide such flexibility to charter schools in order to provide accurate funding for the 2021-2022 school year, so that they may plan accurately for the 2022-2023 school year. The department previously promulgated a similar, but not identical, rule to address this issue for charter schools, the provisions of which are no longer in effect at the end of the 2021-2022 school year. Since the beginning of this school year and the emergence of more severe and contagious strains of the COVID-19 virus, the department has determined that the provisions of section 163.021.1(4), RSMo, have been met, and failing to implement this provision immediately would have a disproportionate impact on charter schools. Based on these factors, and the department's determination that the processes outlined in the rule successfully meet the needs of charter schools, the board finds a compelling governmental interest, which requires this emergency action. A proposed amendment, which covers the same material is published in this issue of the *Missouri Register*. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the *Missouri* and *United States Constitutions*. The board believes this emergency amendment is fair to all interested persons and parties under the circumstances. This emergency amendment was filed April 19, 2022, becomes effective May 3, 2022, and expires February 9, 2023.*

(2) For the purposes of state aid calculation outlined in section 160.415, RSMo, during the 2020-2021 school year, WADA for charter school LEAs shall be defined as the higher of the current year's WADA or the first preceding year's WADA. This provision is applicable for the 2020-2021 school year. **During the 2021-2022 school year, WADA for charter school LEAs shall be defined as the higher of the current year's WADA, the 2020-2021 WADA, or the 2019-2020 WADA.**

(3) For the purposes of other state aid calculations outlined in sections 163.043 and 163.087, RSMo, that rely on the 2020-2021 or 2021-2022 school year ADA or WADA, charter school LEAs may rely on the higher of the 2019-2020, [or] 2020-2021, or 2021-2022 applicable ADA or WADA. This provision is applicable for the 2021-2022 and the 2022-2023 school years.

AUTHORITY: *sections 161.092, 163.043, and 163.087, RSMo 2016, and sections 160.415 and 163.031, RSMo Supp. [2020] 2021. Emergency rule filed Aug. 19, 2020, effective Sept. 2, 2020, expired Feb. 28, 2021. Original rule filed Aug. 19, 2020, effective Feb. 28, 2021. Emergency amendment filed April 19, 2022, effective May 3, 2022, expires Feb. 9, 2023. A proposed amendment covering this same material is published in this issue of the *Missouri Register*.*

PUBLIC COST: *This emergency amendment will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the time the emergency is effective.*

PRIVATE COST: *This emergency amendment will not cost private entities more than five hundred dollars (\$500) in the time the emergency is effective.*

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbolology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety- (90-) day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

PUBLISHER'S NOTE: *The secretary of state has determined that publication of the entire text of the material that is incorporated by reference as a portion of this rule would be unduly cumbersome or expensive. This material as incorporated by reference in this rule shall be maintained by the agency at its headquarters and shall be made available to the public for inspection and copying at no more than the actual cost of reproduction. PURPOSE: *This amendment reflects the name change from the Division of Vocational Rehabilitation to Vocational Rehabilitation, Office of Adult Learning and Rehabilitation Services; clarifies how federal aid is applied to services; removes the certification of eligible*

technology fees for the current academic year.

[4. For eligible individuals enrolled in private or proprietary degree colleges or certificate programs in Missouri, the cost of the education is based upon the nearest Missouri tax supported two (2) or four (4) year college appropriate for the eligible individual to reach their vocational objective. Eligible individuals enrolling in the freshman and sophomore year of college will receive services calculated at the nearest Missouri community college rate, within a forty-five (45) mile commuting distance. For those areas which do not have a Missouri community college within forty-five (45) miles, but have a Missouri state supported four (4) year college in their local area, the calculation will be based on that state supported four (4) year college rate. This includes all primary rehabilitation services (e.g. tuition and fees) and secondary rehabilitation services (e.g. maintenance, transportation, books and supplies) which are determined to be necessary for the eligible individual to attend college or certificate programs. The following are exceptions:

A. The specific job objective, which the eligible individual is seeking, is not available at the nearest Missouri tax-supported two (2) or four (4) year college; and/or

This amount may be applied to any of the eligible individual's educational cost(s). [8.]/10. The eligible individual and/or parents must complete [D]/VR's Financial Application. The eligible individual and/or parents must apply for all applicable federal grants in the Free Application for Federal Student Aid (FAFSA) and [campus] any available financial aid. If an eligible individual is awarded any tax-based federal or state grant(s) [and attends an in-state college], the grant(s) will be used to reduce [D]/VR's participation in the educational costs. Merit-based grants and scholarships can be used to reduce the eligible individual's participation in the educational costs. 1. The tutor must have the necessary qualifications to teach the required skills[,] and sufficient time to devote to the selected course.

2. The tutor must be willing to make arrangements for time and place of instruction which will be convenient for the eligible individual and satisfactory to the conditions under which the client must live and train.

Chapter 5—Air Quality Standards and Air Pollution
Control Rules Specific to the St. Louis Metropolitan Area**

ORDER OF RULEMAKING

By the authority vested in the Missouri Air Conservation Commission under section 643.050, RSMo 2016, the commission amends a rule as follows:

10 CSR 10-5.490 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on December 1, 2021 (46 MoReg 2249-2260). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Missouri Department of Natural Resources' Air Pollution Control Program received one (1) comment

from the Joint Committee on Administrative Rules.

COMMENT #1: The Joint Committee on Administrative Rules stated that this rule requires regulated entities to comply with certain federal regulations. Pursuant to section 536.031.4, RSMo, those federal regulations need to be incorporated by reference pursuant to the requirements of that section, or they need to be set out in whole in the rule. In addition, the section requires rules to state that the materials incorporated by reference do not include any subsequent amendments.

RESPONSE AND EXPLANATION OF CHANGE: The department amended sections (2) through (5) to incorporate by reference the federal regulations of 40 CFR 62, Subpart OOO. Incorporating by reference Subpart OOO allows the department to make the federal rule language part of the state rule without publishing the material in full. Changes were made to the rule text as a result of this comment.

Title 13—DEPARTMENT OF SOCIAL SERVICES Division 70—MO HealthNet Division Chapter 70—Conditions of Provider Participation, Reimbursement, and Procedure of General Applicability

ORDER OF RULEMAKING

By the authority vested in the Department of Social Services, MO HealthNet Division, under sections 208.153, 208.201, and 660.017, RSMo 2016, and section 208.670, RSMo Supp. 2021, the division adopts a rule as follows:

13 CSR 70-3.330 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on January 3, 2022 (47 MoReg 22-24). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The MO HealthNet Division received four (4) comments on the proposed rule.

COMMENT #1: Brian Kinkade, Vice President of Children's Health and Medicaid Advocacy, comments: On behalf of its 142 members, the Missouri Hospital Association submits the following comments on the proposed rule at 13 CSR 70-3.330 published in the *Missouri Register* on January 3, 2021.

13 CSR 70-3.330(1)(B)—Definitions.

"MHD participants, or MO HealthNet Participants" should be added to the list of defined terms and should include all participants whether their services are rendered through the fee-for-service program or through the managed care program.

13 CSR 70-3.330(1)(B)6. and 7. should be amended to clarify that "health care professionals" and "health care providers" include those that provide services to MO HealthNet managed care plan participants as well as those that provide services to MO HealthNet fee-for-service participants.

13 CSR 70-3.330(5)(A)—Reimbursement.

13 CSR 70-3.330(5)(A) should be amended to clarify that the principle of telehealth reimbursement parity required by statute applies to delivered through the managed care program as well as services delivered through fee-for-service program.

RESPONSE: The Department of Social Services, MO HealthNet Division, appreciates the Missouri Hospital Association's comment. No changes have been made to this proposed rule as a result of this comment.

COMMENT #2: Wendy Funk Schrag, Vice President of State Government Affairs, comments: Fresenius Medical Care of North America ("FMCNA") serves 3,337 people with End Stage Renal Disease (ESRD) at our 62 dialysis clinics in Missouri (23.3% of these patients are home dialysis patients served out of a dialysis clinic with a home training program). Thank you for allowing us to submit comments on the proposed rule regarding telemedicine services. FMCNA has long been involved in advocating for vulnerable kidney disease patients, many of whom suffer comorbidities and belong to communities that have been historically underserved and marginalized.

As proposed, subsection (5)(B) of 13 CSR 70-3.330 states that the site where the Missouri HealthNet participant receives telemedicine services, i.e., the originating site, is eligible to receive an originating site/facility fee. The proposed definition of "originating site" includes both health care facilities as well as participants' homes. FMCNA respectfully requests that both outpatient, free-standing dialysis clinics ("dialysis clinics") and homes of dialysis patient participants be specifically excluded from being eligible to receive an originating site/facility fee under this section.

Charging an originating site/facility fee for telemedicine services delivered to Missouri HealthNet participants is expected to result in participants being asked to bear additional deductible, copayment, and/or coinsurance ("copay") obligations. This creates not only a cost barrier to the participants' care, but means that participants pay more for health care services delivered by telemedicine than in-person.

FMCNA is concerned that the copays from an originating site/facility fee for telemedicine services would have a disproportionately negative impact on participants who are on dialysis, as they require medical services on routine, ongoing basis. Home dialysis

patients require regular monthly visits from their attending physicians and practitioners. For patients who dialyze at a clinic (incenter patients), the cadence of attending physician/practitioner visits often is greater than monthly and can be as frequently as weekly. As such, having these visits rendered through telemedicine (whether at the dialysis clinic or the patient's home) could create a compounding copay obligation.

Even if the originating site/facility fee were to exclude the patient home and only apply to provider locations, FMCNA still advocates for excluding dialysis clinics from being eligible to receive an originating site/facility fee. The dialysis clinic not only is the location where incenter dialysis patients are treated, but is also the location where home dialysis patients routinely have their monthly physician/practitioner visits. The home dialysis patient's presence in the dialysis clinic affords other members of the patient's interdisciplinary care team greater opportunity to interact with the patient. The in-clinic team also can more easily participate in the patient's visit with the physician/practitioner and coordinate the patient's care.

As demonstrated during the COVID-19 pandemic, benefits of telemedicine include better access to health care professionals generally; opportunity for increased patient/provider interaction; decreased need for travel; optimization of health care professional coverage during a nationwide shortage; and reduced infectious disease exposure—all of which are particularly necessary for participants in rural and Health Professional Shortage Areas. If Missouri Healthnet participants on dialysis forego the use of telemedicine or alter their care decisions to avoid such fees, they risk losing these potential benefits.

Therefore, FMCNA respectfully recommends tailoring either the definition of "originating site" (13 CSR 70-3.330 paragraph (1)(B)3.) or the language of 13 CSR 70-3.330 subsection (5)(B) to exclude both outpatient, free-standing dialysis clinics and the homes of participants on dialysis from eligibility for an originating site/facility fee. Thank you for your consideration.

RESPONSE: The Department of Social Services, MO HealthNet Division, appreciates the FMCNA's comment. MHD believes that FMCNA interpreted the originating site/facility fee to be a fee that is imposed on a MO HealthNet participant. This interpretation is not correct. The originating site/facility fee is reimbursement paid by MO HealthNet Division to the healthcare provider providing telemedicine services. It is not a fee assessed or collected from a MO HealthNet participant. No changes have been made to the rule as a result of this comment.

COMMENT #3: Trudith Douglas, Vice President of the Corporate Compliance Department for BJC Healthcare, comments: I'm writing you today on behalf of BJC HealthCare in St. Louis, an integrated health system comprised of twelve acute care hospitals, a large multi-specialty physician practice, and post-acute, corporate, home health, and behavioral health services.

BJC strongly supports telemedicine adoption as an important tool to help clinicians better serve their patients. We have long advocated for widespread coverage of and adequate payment for telemedicine by commercial and public insurers and appreciate the Missouri HealthNet Division's (MHD) effort to do so through this strong Proposed Rule. We offer below some small suggestions for improvement to ensure parity of telemedicine coverage and payment for providers and patients in both the traditional fee-for-service (FFS) program and MHD's Managed Care Organization (MCO) administered program.

First, MHD should revise proposed 13 CSR 70-3.330(1)(B)—Definitions, to include a definition for "MHD participants," a term used throughout the rule to refer to MHD beneficiaries, and specify that it applies to all MHD beneficiaries, whether their participation is through the FFS program or via an MCO.

Second, the definition of "health care provider," should be revised to specify "any provider enrolled as such with MHD, including FFS and MCO-administered programs," or similar language to that

effect. MHD should also clarify that “health care provider” refers to all professional and facility provider types recognized by MHD to make clear that, for example, home health providers are able to utilize telemedicine services under these rules.

Third, the definition of “distant site” should be revised to specify that “...site where the health care provider...is physically located” can include the provider’s home.

Finally, MHD should revise proposed 13 CSR 70-3.330(5)—Reimbursement by adding new subsection (D) specifying that preceding subsections (A)-(C) apply to telemedicine services rendered to MHD participants in both the FFS and MCO programs.

We believe these changes will strengthen telemedicine coverage and payment within the MO HealthNet program to the benefit of its beneficiaries. We thank the department in advance for its consideration.

RESPONSE: The Department of Social Services, MO HealthNet Division, appreciates your comment. At this time, MHD is not changing or adding definitions in the proposed rule. No changes have been made to the rule as a result of this comment.

COMMENT #4: Staff commented that the provider manual reference date should be April 14, 2022, in subsection (2)(F).

Type of Rulemaking:	Order of Rulemaking

II. SUMMARY OF FISCAL IMPACT

Affected Agency or Political Subdivision	Estimated Cost of Compliance in the Aggregate
Missouri Public Defender Commission/Office of State Public Defender (“MSPD”)	Although MSPD’s evaluation of current applications for services indicates that the amendment is cost-neutral, the amendment may result in undetermined costs if future application pools have significantly different financial characteristics from current application pools.

III. WORKSHEET

Under current 18 CSR 10-3.010, MSPD considers an applicant’s reasonable monthly expenses (for items such as rent/mortgage, utilities, child support/child care, food/living expenses, car payment, etc.) in addition to the 100% level of the federal poverty guidelines to determine the income eligibility threshold, i.e., the income level below which an applicant must fall to qualify for MSPD services. Under the amendment, MSPD will accept applicants with incomes below 150% of the federal poverty guidelines, without considering an applicant’s monthly expenses. I.e., MSPD will no longer consider monthly expenses in addition to the federal poverty guidelines to determine eligibility based upon income.

MSPD received 55,630 applications for services in Fiscal Year 2021. MSPD evaluated 1,069 of those applications over a one-week period to determine the effect of the income threshold change to 150% of the federal poverty guidelines, without consideration of applicants’ monthly expenses. That evaluation resulted in a net reduction in approved applications by five (5) applications. Extrapolated over a one-year period (52 weeks), MSPD estimates that the amendment may result in 260 fewer applicants being accepted for services per year.

IV. ASSUMPTIONS

1. MSPD's estimate assumes that future application pools will be similar in financial characteristics to the 1,069 applications examined in MSPD's evaluation.
2. MSPD's estimate assumes that other changes in the amendment will not have a significant fiscal impact on MSPD's approval / denial rate for applications.
3. If the number of future applications exceeds 55,630 per fiscal year, the public cost of services will increase, because MSPD will be accepting more applicants for services. However, if future application pools are similar to the 1,069 applications examined, that increase in cost should be due to MSPD receiving a greater number of applications, not due to the amendment.
